Dear Mr. Hullinger:

A field inspection was conducted by Maria Soriano on August 22, 1990 to the limestone quarry that you proposed to work under notice U27-89-10N, near Boulter Springs in T.9S., R4W., section 35.

It was noticed that even though no work has been done, there is some trash in the area including a drum with 15 or 20 gallons of hydraulic oil. Removal of the trash and oil would be greatly appreciated.

If you have any question, please contact Maria Soriano at 977-4360.

Sincerely,

Howard Hedrick
